§2.3 **Guaranteed Renewability of Health Insurance Coverage:** In the event that GovGuam invokes the protection afforded by the Health Insurance Portability and Accountability Act of 1996, as amended, found at Section 2712 of the Public Health Services Act, and its regulations, for the guaranteed renewability of health insurance coverage the parties agree that coverage would be continued until a new contract is in place with the first ninety (90) days of coverage guaranteed at the same rate and plan designs.

ARTICLE 3

Services

§3.1 Company shall provide Covered Persons with the group health insurance benefits, subject to the applicable limitations and conditions, set forth in this Agreement and the Certificate incorporated herein.

ARTICLE 4

Rates, Premiums and Experience Participation

§4.1 **Rates.** Company shall provide the group health insurance benefits set forth in the Certificate for the rates contained herein.

§4.2 **Premium Payment.** GovGuam shall pay the Premium due under this Agreement to Company within fifteen (15) business days after the close of each GovGuam pay period. Each such Premium payment shall be for the preceding pay period. Payment in full of all Premiums due constitutes a discharge of GovGuam's responsibility for the cost of benefits and administration provided under this Agreement. Should GovGuam fail to pay any Premium when due under this Agreement, Company shall have the right to suspend performance under this Agreement with respect to any Covered Person whose Premium payments have not been paid by GovGuam, in addition to the right of termination under Article 5.2.1 and Article 5.3. However, such suspension may only take place after Company provides written notice to GovGuam at least ten (10) days prior to the suspension stating the names of the Covered Persons at risk of suspension and the amount of Premium owed for each. Further, Company shall retroactively reinstate a Covered Person's right to benefits upon full payment of the past due Premiums only if the premiums are paid within 120 days after the notification of the suspension.

§4.3 **Experience Participation.** No later than January 31, 2019, the Company shall present to GovGuam an annual experience participation accounting, which will produce either a positive or negative balance after accounting for all incurred claims and the 14% of premium guaranteed retention for the Company, such experience participation to be determined as follows,

4.3.1 The term "Target Experience" shall mean the amount calculated by multiplying (a) the total Premiums earned by the Company for the full 12-month Plan Year ending September 30, 2018 under the HSA \$2,000 deductible policy and the PPO \$1,500 deductible policy issued to GovGuam with respect to such Plan Year (such two separate policies being referred to, collectively, as the "Participating Policies"), by (b) eighty-six percent (86%).

4.3.2 The "Actual Experience" shall be an amount calculated by subtracting from the Target Experience all claims incurred during such Plan Year under both the Participating Policies (i.e., Actual Experience = Target Experience (Total Premiums x 86%) minus incurred claims, the PPACA Insurance Company Fee or Tax and the PCORI fee).

4.3.3 To the extent the Actual Experience is positive (i.e., an amount greater than zero), such amount will be called an "Experience Refund," and the Company shall remit such amount to GovGuam for placement into the "Section 2718 Fund" established by Title 4, Guam Code Annotated, Section 4302.3 (P.L. 31-233:XII:18).

4.3.4 To the extent the Actual Experience is negative (i.e., an amount less than zero), the Company may add this amount to the premium needed for the Plan Year beginning on October 1, 2019, but only if the Company is the health insurance provider during such Plan Year.

4.3.5 This Experience Participation provision determines the combined Actual Experience of both the Participating Policies. Identical provisions, describing the combined calculation, are included in each of the Participating Policies for convenience, but the result of the combined calculation shall be applied only once. If necessary to determine the distribution of any positive or negative amount of Actual Experience between the two Participating Policies, such amount may be allocated between the two policies in any share, at the discretion of GovGuam, as long as the total of the shares is equal to the combined amount of the Actual Experience.

4.3.6 If PPACA's Minimum Loss Ratio ("MLR") requirements result in payment, from the Company to GovGuam, of a refund for either the 2017 or 2018 calendar year MLR calculations, any Experience Refund calculated above in section 4.3.3, will be reduced by the portion of the MLR refund payable to GovGuam and applicable to the Participating Policies. The portion applicable to the Participating Policies is determined by multiplying the MLR refund by the ratio of the Participating Policies' earned premium in the calendar year to the total of the GovGuam earned premium in that calendar year. A hypothetical illustration is included in this agreement as Exhibit G.

ARTICLE 5

Term and Termination

§5.1 **Term.** The Agreement is for a one year term beginning October 1, 2017 and ending September 30, 2018, unless terminated for major default in services, given by written notice from GovGuam to Company not less than ninety (90) calendar days or unless modified by mutual agreement.

§5.2 Termination.

5.2.1 **By Company.** If GovGuam fails to make any Premium payment within fifteen (15) days after receipt of a written notice of non-payment from Company, Company may terminate this Agreement by providing at least fifteen (15) days prior written notice of termination to GovGuam and all Subscribers under this Agreement.

§5.3 Individual termination.

5.3.1 **Non-payment of Premium.** Company may, in accordance with the notice provisions contained in §5.2.1, terminate the coverage of one or more individual Covered Persons for non-payment of Premium without terminating this Agreement as to other Covered Persons for whom Premiums have been received by Company.

5.3.2 **Other Reasons.** Except for non-payment of Premiums, Company may only terminate a Covered Person as provided in Article 5 of the Group Health Insurance Certificate attached hereto.

5.3.3 **Review of Termination.** Any Covered Person whose coverage is terminated pursuant to this Section 5.3 shall be entitled to a review through the PPACA Claims Procedure set forth in this Agreement, if so requested.

§5.4 Effect of Termination. In the event of termination of this Agreement for a Covered Person, Company shall be responsible for providing the benefits contained in this Agreement up to the effective date of termination and GovGuam shall be responsible for payment of the Premiums up to said effective date.

5.4.1 Termination of Subscriber's Coverage. If a Subscriber's coverage terminates, the coverage of all of that Subscriber's Covered Dependents also terminates as of the same date.

ARTICLE 6

§6.1 Regular Open Enrollment. During such period GovGuam shall provide Company with the assistance and cooperation detailed in Article 8. Company shall send a status report on a claim filed by Covered Person against a Provider within forty-five (45) days after receipt if the claim is still pending disposition by the Company and Provider. At a minimum the report shall indicate that the claim is under review and the Company is working to resolve the claim with the Provider. The Company shall send another status report on the claim to the Covered Person with a copy to the Provider thirty (30) days from the date the first status report was sent to the Covered Person if the claim has not been resolved. **Notification.** Company shall fulfill the notice requirements of the Women's Health and Cancer Rights Act of 1998, and the Newborns' and Mothers' Health Protection Act of 1996, and shall be responsible for notice requirements applicable to PPACA requirements.

If the Company terminates this Agreement, Company shall provide notice announcing its termination at least fifteen (15) days prior to the date of termination on the Company's website, an ad in any of the local newspaper publications, and email to subscribers of the Company's Plan. Further, Company shall fully cooperate with GovGuam in transitioning Covered Persons to Other Plans.

§7.10 Sole Source Provider. If there is a Covered Service which is provided on Guam by only one provider who is not a Participating Provider, the eligible Charges for such services shall be as if the sole source provider were a participating provider.

§7.11 Performance Guarantees. Performance guarantees have the appropriate annual penalties listed by each guarantee as stated in Exhibit E with a maximum amount of \$105,000 annually. The penalties, if any, are to be paid annually upon an annual review meeting within thirty (30) days after the end of the plan year, and they are combined for the PPO1500 and HSA2000 Agreement.

§7.12 Online Access Capabilities. The Company shall provide, for the benefit of the Covered Person and GovGuam, the following online access capabilities:

7.12.1 Online access is available twenty-four (24) hours a day, seven (7) days a week in accordance with Section 508 standards of the Rehabilitation Act of 1973 as amended.

GovGuam shall make available to Company a computer listing of each employee receiving an applicable payroll deduction for Premiums no later than fifteen (15) working days following each pay period.

8.3.1 Individual with Questionable Status. If GovGuam does not provide the list of employees as required in §8.3, Company shall have the right to charge an individual whose Enrollment is in question for any Covered Services rendered prior to receipt of written verification of eligibility and Enrollment by GovGuam. If such individual is subsequently determined to be a Covered Person, and GovGuam remits a Premium payment for the Covered Person for the period for which the Covered Services were rendered, Company shall cancel all charges to the Covered Person and return any amounts collected. If Company files a written objection to an Enrollment list forwarded by GovGuam, then within thirty (30) days after the filing, GovGuam shall provide Company with the applicable change of status forms, Enrollment cards, and other documentation substantiating the accuracy of the Enrollment records and meet with Company to reconcile any differences. Evaluation of such individual's entitlement shall be handled in accordance with PPACA's applicable Claims Procedure requirements, taking into account any applicable PPACA prohibition on rescissions and any applicable PPACA requirement that costs of care be provided or continued during evaluation period

However, if during such year the Government of the United States or GovGuam enacts statutes or promulgates regulations which (i) require that the Company offer different coverage to Covered Persons than that specifically provided in this Agreement; or (ii) causes an increase or decrease in Provider rates or other costs, the parties reserve the right on thirty (30) days written notice to the other to adjust the Premiums if the parties mutually determine that such mandate or law shall change Company's costs under this Agreement by more than five percent (5%). Where the Agreement indicates that a PPACA requirement might override a specific limitation, this section 13.1 shall apply if it is determined that a PPACA override is in fact required.

Company further warrants that no member of the Guam Legislature and no other official of GovGuam who exercises functions and responsibilities in connection with the work to which this Agreement pertains has or shall have any personal interest, direct or indirect, in this Agreement except as possible Covered Persons under the Plan.

§13.5 **Captions.** The captions, section numbers and article numbers and marginal notes appearing in this Agreement or in any copies of this Agreement are placed there only as a matter of convenience and in no way define, limit, or describe the scope or intent of this Agreement.

To the extent not preempted by the laws of the United States, this Agreement will be construed in accordance with and governed by the laws of Guam. In the event of conflict between any provision of this Agreement and applicable law, the law shall govern.

§13.17 Determination of Currency Exchange Payments. When a service is rendered outside of the United States, the claims shall be paid in accordance with Company's agreements with its participating providers. Covered Persons outside the Service Area must coordinate their care and obtain Prior Authorization from the Company for Services, excluding Emergency services. For a Covered Person who is Domiciled in the Service Area, time spent receiving continuous medical Services out of the Service Area shall not count toward the 182 day maximum provided the receipt of such Services precludes returning to the Service Area. Further, time spent by a parent or spouse of such Covered Person shall not count toward the 182 day maximum, provided the parent or spouse is providing necessary assistance to the Covered Person and further provided that under no circumstance can there be more than one such caregiver hereunder for any incident out of the Service Area. Company shall use its best efforts, to include making available written forms and materials, to inform Subscribers of the requirements of this Section during enrollment period, in its marketing materials and on its website.

§5.5 Institutionalized applicant. In the event the individual is confined in an inpatient facility covered under this Agreement and incurring costs covered under this Plan, Company will make best efforts to coordinate with the individual's prior carrier, if any, to minimize disruption in the individual's medical care and to minimize cost to the Plan.

§5.6 Enrollment.

5.6.1 Enrollment during an open Enrollment period. An eligible individual may enroll in the Plan and may cause his or her Dependents to become Enrolled, during an open Enrollment period.

5.6.2 Enrollment after open Enrollment period. Persons becoming eligible for Enrollment after completion of the open Enrollment period under this Agreement may elect to enroll within thirty (30) days of the date of first becoming eligible.

Subject to §5.6.3.3, an individual eligible to enroll as a Subscriber who does not make written election for Enrollment within thirty (30) days after first becoming eligible shall not be permitted to enroll hereunder until the next open Enrollment period unless entitled to special enrollment rights under HIPAA or PPACA.

5.6.3.2 Dependents. Subject to §5.6.3.3, a Subscriber with Dependents eligible for Enrollment who does not make written election for Enrollment of such

Dependents within thirty (30) days after their first becoming eligible shall not be permitted to enroll such Dependents hereunder until the next open Enrollment period unless entitled to special enrollment rights under HIPAA or PPACA.

5.6.3.3 HIPAA and PPACA Enrollment requirements. If an individual eligible to Enroll as a Subscriber loses other employer coverage or acquires a Dependent through marriage, birth, adoption of a child under nineteen (19) years of age, or placement for adoption of a child under nineteen (19) years of age, then the special Enrollment requirements of HIPAA may be applicable. If a Subscriber becomes eligible for a HIPAA special enrollment, such Subscriber and Spouse and children, if applicable, shall be entitled to change from Class I or Class II to Class III during such special Enrollment. A child previously excluded, or whose coverage ceased, because of age, shall have special enrollment rights to enter or reenter the Plan upon receipt of notice of the right to do so, to the extent required by Section 2714 of the PHSA, as added by PPACA, and the regulations thereunder.

§5.7 Commencement of coverage. After fulfilling all conditions of Enrollment as set out in this Agreement, coverage under the Plan shall commence:

5.7.1 Previously Enrolled. As of the Effective Date of this Agreement, for a Subscriber and his or her Covered Dependents who are Enrolled on such Effective Date.

5.7.2 Not yet Enrolled. As of the first day following the pay period in which the individual satisfies the Enrollment requirements set forth in this Agreement and Company becomes entitled to receive the appropriate Premium for a Subscriber and his or her Covered Dependents who become Enrolled subsequent to the Effective Date of this Agreement.

5.7.3 Except as provided in §5.8, coverage of a Dependent of a Subscriber who becomes eligible after such Subscriber has been Enrolled hereunder shall commence as of the first day of the pay period following the timely filing of an application for Enrollment and liability for the appropriate Premium accrues. Coverage for a child born, adopted (if under nineteen (19) years), placed for adoption (if under nineteen (19) years), or for whom legal guardianship has taken place after the Subscriber has been enrolled hereunder, shall commence from the date of birth, date of adoption, date of placement for adoption, or for child under guardianship, from the date at which custody commences, whichever is applicable; provided that the Subscriber applies to Enroll the child within the first thirty (30) days of that date and the applicable Premium is paid.

5.7.4 Open Enrollment period. For any eligible individual and his or her eligible Dependents who apply for Enrollment or re-Enrollment during GovGuam's open Enrollment period, coverage shall commence as of the Plan effective date first following the open Enrollment.

§5.8 Continuing Enrollment. Subscribers and Covered Dependents enrolled under this Plan on the last day of a Plan Year shall be automatically enrolled for the following Plan Year unless they change to some Other Plan during open Enrollment or unless this Plan is not renewed.

§5.9 Medical term. Covered Persons must continue medical coverage under this Agreement for a minimum of twelve (12) months or for the balance of the Plan Year, except when terminating GovGuam employment, or when termination of Enrollment is approved by GovGuam's Director of Administration and by Company. A rate increase during the Plan Year is not grounds for disenrollment.

§5.10 Dental eligibility and term. Covered Persons may enroll in the Company's dental plan only if they are enrolled in Company's medical plan. Covered Persons in the medical and dental Plan must continue their medical and dental coverage under this Agreement for a minimum of twelve (12) months or for the balance of the Plan Year, except when terminating GovGuam employment, or when termination of Enrollment is approved by GovGuam's Director of Administration and by Company. A rate increase during the Plan Year is not grounds for disenrollment.

§5.11 Leave without pay, reduction in force, sabbatical and related status. A Subscriber, who enters the status with GovGuam of leave without pay, sabbatical leave, educational leave of absence or a faculty exchange program as approved by GovGuam, or is laid off due to a reduction in the workplace by GovGuam, and all enrolled Dependents of such Subscriber, can remain covered under this Agreement if such Subscriber self-pays both the Subscriber's and GovGuam's share of the premium for such coverage directly to the Company. Within 10 business days following commencement of the leave without pay, reduction in force, sabbatical and related status, the Subscriber must provide Company (i) proof, in a form satisfactory to Company, that he or she has been approved by GovGuam for such status and (ii) written notice of his or her intention to continue coverage during the leave. Such notice must be accompanied by the first month's Premium. Subsequent Premium payments must be made by the 15th day of the month preceding the month for which coverage is being paid. Subscribers who do not make their Premium payments when due shall have their coverage terminated as of the last day for which payment was made and shall not be allowed to reenroll in the Plan until the next Enrollment period following the return to work. In no case, however, can such continued membership in the Plan extend for a period in excess of 12 months. If Company does not receive the full amount of Premium due at least 15 days in advance, it shall make a good faith effort to notify the Subscriber that Coverage shall terminate on the last day of the month for which Premium was paid. Notwithstanding the aforesaid, laid off Subscribers may not remain in the Plan beyond the end of the current Plan Year.

5.11.1 Notwithstanding the aforesaid, if the leave is taken pursuant to the Family and Medical Leave Act of 1993, Company shall fully cooperate in assisting GovGuam in complying with this Act.

5.11.2 Active employees required to live out of the Service Area pursuant to their employment by GovGuam or GovGuam sponsored training status and their eligible Dependents shall be eligible for coverage under the Plan.

§5.12 Military leave. Company shall be given prior written notice if a Subscriber shall take a military leave of absence ("Military Leave"). Coverage for such Subscriber shall continue for the shorter of eighteen (18) months or the duration of the Military Leave up to a cumulative length of no longer than five (5) years unless otherwise agreed upon with Company, provided Premiums are paid. Even if the Subscriber elects not to continue coverage for himself or herself or any Dependent during the Subscriber's Military Service, the Subscriber and all Dependents shall be eligible to re-enroll immediately after such Military Leave terminates, without a waiting period or health statement, upon the Subscriber's return to employment by GovGuam if the Subscriber satisfies applicable requirements that were in the Plan prior to such Military Leave and no discharge from Military Service is less than fully honorable. Company shall not provide coverage for any Injury or Illness determined by the Secretary of Veterans' Affairs to have been incurred or aggravated during Military Service. The provisions of this paragraph are notwithstanding any other section of this Agreement.

§5.13 Reduction in hours. If a Subscriber's work hours are reduced below 30 per week due to a GovGuam cost-saving program, such Subscriber and his/her enrolled Dependents shall be eligible to remain in the Plan in accordance with all other terms of the Plan. Alternatively, such Subscriber shall have the option to disenroll within 30 days of the effective date on which the reduction in hours occurs provided that, within 10 business days following such effective date, the Subscriber shall have provided notice to Company of his/her intent to disenroll. Further, he/she shall not be eligible to reenroll until a future open Enrollment or until his/her work hours are increased to at least 30 hours per week.

§5.14 Procedure upon retirement. A newly retired Subscriber, and all of his/her enrolled Dependents, may remain in the Plan by paying the full amount of the Premium due to the Company, in accordance with the time frames applicable to GovGuam, until such Subscriber's status change from active to retired employee is fully processed by GovGuam. However, within 10 business days of separation of active employment, GovGuam must certify in writing to the Company that such Subscriber is eligible for retiree health coverage. Further, within 10 business days of separation from active employment, the Subscriber must provide the Company with written notice of his/her separation from active employment and intention to continue coverage.

§5.15 Coordination of Benefits. If a Covered Person receives any medical, Surgical, Hospital or other Services entitling that Covered Person to the payment of benefits under this Agreement and such Services are also covered or payable under any Other Plan, which, for purposes of this section, shall include Medicare Parts A and B Government of Guam and NetCare FY2018 HSA2000 Group Health Insurance Agreement & Certificate

and any motor vehicle insurance policy or contract, then the benefits of this Plan and each other plan shall be appropriately coordinated and adjusted so that such benefits shall not exceed one hundred percent (100%) of Eligible Charges. Integration or coordination of benefits with Medicare shall be done on a "Carve Out" or "Benefit Offset" basis. When any Other Plan provides benefits in the form of Services rather than cash payments, the reasonable cash value of such Services rendered shall be deemed to be both an allowable expense and a benefit paid. The coordination and adjustment of benefits shall be determined as follows:

5.15.1 The plan under which the Covered Person is a Subscriber is primary.

5.15.2 In the case of a Dependent child, the plan of the parent whose birthday occurs earlier in the calendar year is the primary carrier. If both parents have the same birthday, then the plan in which the Covered Person has been enrolled for the longest continuous time pays first. However, other rules apply if a claim is made for an insured dependent child whose parents are separated or divorced. If the parent with custody of the child has not remarried, the plans shall pay in this order: first, any plan in which the child is insured as a Dependent of the parent who has custody; and second, any plan in which the child is insured as a Dependent of the parent who does not have custody.

If the parent with custody of the child has remarried, the plans shall pay in this order: first, any plan in which the child is insured as a dependent of the parent who has custody; second, any plan in which the child is insured as the dependent of the stepparent; and third, any plan in which the child is insured as the dependent of the parent who does not have custody.

These rules do not apply when a court decree fixes the responsibility for the health Services costs of a child whose parents have separated or divorced. Any plan in which the child is insured as the dependent of a parent with this legal responsibility shall always pay first.

If the order of payment is unclear, the National Association of Insurance Commissioners' (NAIC) model shall apply.

5.15.3 In no event shall coordination of benefits require Company to: (i) make any payment which would exceed the amount for which it would be liable under this Plan if a Covered Person were not eligible to receive benefits from any other plan; or (ii) pay the excessive, unnecessary or unreasonable portion of any charge or expense. A Covered Person who is also enrolled in one or more of Company's other plans shall be entitled to receive benefits from all of such plans not to exceed one hundred percent (100%) of Eligible Charges.

§5.16 Subrogation, Right of Reimbursement and Right of Recovery. The Company reserves the "right of subrogation" the "right of reimbursement" and the "right of recovery," in the event of an illness, injury or condition caused by a third party or with respect to which a "first party payor" has liability, for which the Company has paid or is being requested to pay benefits under this Plan or for which the Company chooses to advance benefits as provided in this Section.

5.16.1 Definitions.

5.16.1.1 As used throughout this provision, the term "Responsible Party" means any party actually, possibly, or potentially responsible for making any payment to or for the benefit of a Covered Person due to a Covered Person's injury, illness or condition. The term "Responsible Party" includes (without limitation) the liability insurer of such party or any insurance coverage.

5.16.1.2 For purposes of this provision, the term "Insurance Coverage" refers to any coverage providing medical expense coverage or liability coverage including, but not limited to, uninsured or underinsured motorist coverage, personal umbrella coverage, medical payments coverage, workers' compensation coverage, no-fault automobile insurance coverage, or any first party insurance coverage.

5.16.1.3 For purposes of this provision, a "Covered Person" includes anyone on whose behalf the Company pays or provides any benefit including, but not limited to, the participating employee or former employee and any minor child or other dependent of any such employee, and any person who acts or holds funds on behalf of such an employee, former employee or dependent. For example, if an injured Covered Person is a minor child, and the child's parents receive a recovery for the child, "Covered Person" for purposes of the Company's right to repayment shall include a right for the Company to recover from the parents or other party receiving or holding such recovery on behalf of the child

5.16.1.4 For the purposes of this section, a first party payor is a person or company with whom a Covered Person has either a contractual relationship, is in privity with a non-responsible party through whom benefits are available that are related to the illness or injury, or for whom benefits are otherwise available, regarding the illness or injury but regardless of fault, such as workers' compensation coverage, uninsured motorist coverage and no-fault motorist coverage.

5.16.2 **Subrogation.** Immediately upon paying or providing any benefit under the Government of Guam Health Insurance Plan, and as permitted by Guam's laws, the Company shall be subrogated to all rights of recovery that a Covered Person has against any Responsible Party with respect to any payment made by the Responsible Party to a Covered Person due to a Covered Person's injury, illness, or condition to the full extent of benefits provided or to be provided by the Company.

5.16.3 **Reimbursement.** In addition, if a Covered Person receives any payment from any Responsible Party or Insurance Coverage as a result of an injury, illness, or condition, the Company has the right to recover from, and be reimbursed by, the Covered Person for all amounts this Company has paid and will pay as a result of that injury, illness, or condition, up to and including the full amount the Covered Person receives from any Responsible Party.

5.16.4 **Right of Recovery.** The Company also has a "right of recovery," in that it may choose to take action to recover the amount of all claims paid to or on behalf of a Covered Person from the third party, or from any insurer or other party that is or may be liable for damages related to the third party's actions.

5.16.5 **Constructive Trust.** By accepting benefits (whether the payment of such benefits is made to the Covered Person or made on behalf of the Covered Person to any provider) from the Company, the Covered Person agrees that if he or she receives any payment from any Responsible Party as a result of an injury, illness, or condition, he or she will serve as a constructive trustee over the funds that constitute such payment. Failure to hold such funds in trust will be deemed a breach of the Covered Person's fiduciary duty to the Company and the Plan, and will give the Company rights to recover equitable and money damages from the Covered Person.

5.16.6 **Lien Rights.** The Company shall automatically have a lien to the extent of benefits paid by the Company for treatment of the illness, injury, or condition for which the Responsible Party is liable. The lien shall be imposed upon any recovery whether by settlement, judgment, or otherwise related to treatment for any illness, injury, or condition for which the Company paid benefits. The lien may be enforced against any party who possesses funds or proceeds representing the amount of benefits paid by the Company including, but not limited to, the Covered Person, the Covered Person's representative or agent; Responsible Party; Responsible Party's insurer, representative, or agent; and/or any other source possessing funds representing the amount of benefits paid by the Company. The Company may file this lien with the third party, third party's agent, any insurance company, first party payor or the court in which any action is filed, to assure that the lien is satisfied from any such recovery. Further, the Plan reserves the right to notify the Responsible Party and his or her agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

5.16.7 **First-Priority Claim.** By accepting benefits (whether the payment of such benefits is made to the Covered Person or made on behalf of the Covered Person to any provider) from the Company, the Covered Person acknowledges that the Company's recovery rights are the first priority claim against all Responsible

Parties and are to be paid to the Company before any other claim for the Covered Person's damages. The Company shall be entitled to full reimbursement on a first-dollar basis from any and all payments from each and every Responsible Party, even if such payment to the Company will result in a recovery to the Covered Person that is insufficient to make the Covered Person whole or to compensate the Covered Person in part or in whole for the damages sustained. The Company is not required to participate in or pay court costs or attorney fees to any attorney hired by the Covered Person to pursue the Covered Person's damage claim.

5.16.8 Applicability to All Settlements and Judgments. The terms of this entire subrogation, reimbursement and right of recovery provision shall apply to each and every settlement or judgment related to the injury, illness or condition of the Covered Person, and the Company is entitled to full recovery regardless of whether any liability for payment is admitted by any Responsible Party and regardless of whether the settlement or judgment received by the Covered Person identifies any medical benefit the Company provided or purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses. The Company is entitled to recover from any and all settlements or judgments, including (without limitation) those designated as pain and suffering, non-economic damages, and/or general damages only.

5.16.9 Cooperation. The Covered Person shall fully cooperate with the Company's efforts to recover its benefits paid. It is the duty of the Covered Person to notify the Company within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of the Covered Person's intention to pursue or investigate a claim to recover damages or obtain compensation due to injury, illness, or condition sustained by the Covered Person. The Covered Person and his or her agents shall provide all information requested by the Company or the Plan, or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the Company may reasonably request. Failure to provide this information may result in the termination of health benefits for the Covered Person or the institution of court proceedings against the Covered Person. The Covered Person shall do nothing to prejudice the Company's subrogation or recovery interest or to prejudice the Company's ability to enforce the terms of this Plan provision. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the Plan.

5.16.10 Right of Investigation. The Company has the right to conduct an investigation regarding the injury, illness, or condition of any Covered Person to or for the benefit of whom the Company pays benefits under the Plan to identify any Responsible Party. Each Covered Person receiving benefits under the Plan acknowledges or is deemed to acknowledge that the Company has such right of investigation.

5.16.11 Interpretation. In the event that any claim is made that any part of this subrogation, reimbursement and right of recovery provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, any and all questions shall be resolved in accordance with the most recent US Supreme Court decision on ERISA cases on health insurance subrogation.

5.16.12 Jurisdiction. By accepting benefits (whether the payment of such benefits is made to the Covered Person or made on behalf of the Covered Person to any provider) from the Company, the Covered Person agrees that any court proceeding with respect to this provision may be brought in any court of competent jurisdiction as the Company may elect. By accepting such benefits, the Covered Person hereby submits to each such jurisdiction, waiving whatever rights may correspond to him or her by reason of his or her present or future domicile.

5.16.13 After expenses incurred by the Company in obtaining any recovery from, on behalf of or related to such third party, the net amount recovered must be divided proportionately with the Covered Person to allow the Covered Person to recover a proportionate share of any deductible for which the insured was responsible.

5.16.14 Benefit Exclusion or Delay. In cases where third party or first party payor liability is being pursued, and upon the execution and delivery to Company of all documents required by it, to secure its rights of subrogation, reimbursement and right of recovery entitlements, as provided in this Section 5.16, the Company may pay benefits in connection with such Injury or Illness if it is satisfied that its subrogation, reimbursement and recovery rights are being upheld and shall be repaid only from the proceeds (beginning with the first proceeds) of any and all recoveries, if any, from or on behalf of such third party or from any first party payor. As security for such repayment,

the Company shall have a lien, as provided in this Section 5.16, against any and all such recoveries to the extent of the amount advanced to the Covered Person by Company.

5.16.15 PPACA Compliance. In the event that any applicable provision of PPACA prohibits the application of any provision of this Section 5.16, the section shall be deemed modified to the extent necessary to comply with PPACA.

§5.17 Covered Person eligible for Medicare. The Plan shall pay its benefits pursuant to this Agreement before Medicare if (i) the Subscriber is an active, full-time employee of GovGuam or his or her Spouse is a Covered Person and the Subscriber or Spouse who is a Covered Person is sixty-five (65) or older; or (ii) the Subscriber or Spouse who is a Covered Person is under age sixty-five (65) and is in the Medicare waiting period during which he or she or his or her Spouse is receiving treatment for end-stage renal disease (ESRD); or (iii) for services in the Philippines or other countries outside of Guam or the United States as provided in this section.

If any Covered Person, including disabled active individuals as defined in the Omnibus Budget Reconciliation Act of 1993, incurs expense for benefits covered under the Plan and for which the Covered Person is eligible for and entitled to benefits under Medicare, then the Plan, where primary carrier, shall pay to the full limit of its coverage before Medicare assumes coverage. The Covered Person shall have covered benefits equal to the greater of the two plans' benefits.

If any Covered Person, for whom Medicare is or would be primary, is eligible for but not enrolled in the entire Medicare program but is receiving income benefits from Social Security, the Plan shall provide no benefits on behalf of that person. However, under no circumstances shall anyone be required to enroll in Medicare in order to receive benefits under the Plan, unless the Medicare programs are available at no cost. Eligible Persons receiving Social Security may be required to enroll in Medicare Part A in order to receive benefits under the Plan, unless Medicare Part A is available to her or him at no cost but shall be required to enroll in Part B, subject to the Government of Guam or some other entity paying the Part B premium.

For a Covered Person enrolled in Medicare Parts A and B and where Medicare is primary, Company shall pay the co-payments, deductibles, and co-insurance required by Medicare and treat Covered Person as having met the Out-of-Pocket maximum under the plan for purpose of receiving benefits under this Agreement.

For a Covered Person, for whom Medicare is or would be primary if the covered services are received in the United States or its territories, the Plan shall pay to the full limit of its coverage as primary provider, when covered services are received at a Participating Provider, in the Philippines or other country outside of Guam or the United States and when prior authorization for the services is received from the Company. The preceding sentence shall not apply to emergency or nonemergency hospital services provided to the Covered Person that are covered by Medicare because the hospital outside of Guam or the United States is closer to, and substantially more accessible from, the retiree's Guam residence than the nearest participating US hospital which is adequately equipped to deal with and available to provide treatment of the illness or injury, and to any physician and ambulance services furnished in connection with emergency or nonemergency hospital services.

§5.18 Incarcerated Benefits. The Plan is secondary payer for services furnished to individuals in the custody of penal authorities. The state (or other government component which operates the prison) in which the beneficiary resides is responsible for all medical costs incurred.

§5.19 Release of medical information. As a condition to the receipt of Plan benefits, each Covered Person authorizes Company to use and obtain information about his or her medical history, medical condition and the Services provided to him or her as may be necessary in connection with the administration of this Agreement. Information from medical records of Covered Persons and information received from Physicians or Hospitals arising from the Physician-patient relationship shall be kept confidential and shall only be disclosed with the consent of the Covered Person and in accordance with applicable law.

§5.20 No warranty of Service.

5.20.1 Company is not liable for the negligence or other, wrongful act or omission of any Physician, Hospital, Hospital employee or other Provider, or for any act or omission of any Covered Person.

5.20.2 Company does not guarantee the availability of or undertake to provide any Services of any third party.

§5.21 Termination for cause. Company may terminate a Covered Person from the Plan for:

5.21.1 Misuse of card. A Covered Person knowingly allowing his or her Plan identity card to be used by another person or falsely representing the relation between himself or herself and another in order that the other person can obtain Services hereunder; or

5.21.2 Non-payment. A Covered Person's failure to pay or arrange to pay applicable Deductibles, Co-Payments, or Co-Insurance as soon as practicable, and in no case later than the next Enrollment period.

5.21.3 To the extent required by PPACA, terminations for cause (other than for non-payment of premiums) shall be handled as required by the applicable PPACA Claims Procedure Requirements provided in §6.7 and as reflected in the Company's Appeal Procedures attached as Exhibit F.

§5.22 Termination other than for cause. Other terminations of benefits, not for cause, are as follows:

5.22.1 Termination by a Covered Person. Except as otherwise provided in this Agreement or applicable law, if the Covered Person terminates his or her rights under this Agreement then all rights to benefits shall cease as of the effective date of such termination. If a Subscriber's coverage so terminates, his or her Covered Dependents' coverage shall terminate on the same date. However, Company shall pay Eligible Charges for all Covered Services incurred prior to the date of termination.

5.22.2 Marriage terminated or no longer eligible spouse. If the spouse of a Subscriber ceases to be a Spouse as defined herein, coverage for such person under this Agreement shall terminate on the first (1st) day of the pay period following termination of eligibility.

5.22.3 Domestic Partnership terminated. If the domestic partner of a subscriber ceases to be a Domestic Partner as defined herein, coverage for such person under this Agreement shall terminate on the first (1st) day of the pay period following termination of eligibility.

5.22.4 Children no longer eligible as Dependents. Coverage shall terminate as to a Dependent child who attains age twenty-six (26), or who enters the Military Service, on the date of such occurrence. However, a Dependent child who has attained the limiting age (26), and who is incapable of self-sustaining employment by reason of developmental disability or physical handicap, and who is primarily dependent upon the Subscriber for support and maintenance, may continue to be covered under this Plan as an enrolled Dependent during the continued disability or handicap provided proof of such incapacity and dependency is furnished to Company within thirty (30) days of the child's attainment of the limiting age and annually thereafter.

5.22.5 Rebate of Premium. In the event of termination of coverage, GovGuam or the Subscriber, as applicable, shall receive a pro rata rebate of the Premium paid to Company for such Covered Person.

5.22.6 Effective date of termination. Except as otherwise provided herein, termination of coverage shall take effect on the first (1st) day of the pay period following the event causing termination.

5.22.7 To the extent required by PPACA, disputed terminations (other than for non-payment of premiums) shall be handled as required by the applicable PPACA claims procedure rules. A Covered Person can appeal a disputed termination pursuant to the PPACA Claims Procedure for internal and external review appeals provided in §6.7 and set out and reflected in Exhibit F.

5.22.8 HIPAA compliance. Company shall provide the certifications required by HIPAA for terminated Subscribers and their Covered Dependents, upon notification by GovGuam of the Subscriber's

termination. Company shall also provide certifications for all other terminated Covered Persons, such as Dependent children reaching the limiting age, divorce of a Spouse, or end of domestic partnership, without notification by GovGuam, but after receipt of actual notice of the triggering event.

§5.23 Grievance Procedures. The Grievance Procedure is not applicable to adverse benefit determinations, including rescission of coverage, and their appeals which are subject to PPACA Claims Procedure Requirements provided in §6.7 and reflected in the Company's Appeal Procedures attached as Exhibit F. A grievance is a formal complaint or dissatisfaction with the service received by a Covered Person. Grievance includes complaints about the quality of care or non-quality of care services at any of the Company's contracted network facilities, providers or with any administration provider/behavioral services and access to care. Non-quality of care services includes complaints about administrative services, sales processes or other marketing issues. A Covered Person and/or his or her representative may file a written grievance claim, including all relevant documentation, with the Company. The Company's PPACA Claims Procedure is reflected in Exhibit F.

6.7.2 On appeal, the claimant must be allowed to review the claim file and to present evidence and testimony.

6.7.3 Other aspects of the PPACA Claims Procedure regulations shall be followed including the right of a Covered Person to file an external review within four (4) months after the Covered Person receives notice of adverse benefits determination or denial of an internal appeal from the Company.

More Information: Preteens and teens should get a flu vaccine every year. Preteens and teens should get one shot of Tdap at age 11 or 12 years. All 11-12 year olds should get a 2-shot series of HPV vaccine at least 6 months apart. A 3-shot series is needed for those with weakened immune systems and those age 15 or older. All 11-12 year olds should get a single shot of a quadrivalent meningococcal conjugate vaccine (MenACWY). A booster shot is recommended at age 16. Teens, 16-18 years old, may be vaccinated with a MenB vaccine.

 These shaded boxes indicate when the vaccine is recommended for all children unless your doctor tells you that your child cannot safely receive the vaccine.

 These shaded boxes indicate the vaccine is recommended for children with certain health or lifestyle conditions that put them at an increased risk for serious diseases. See vaccine-specific recommendations at www.cdc.gov/vaccines/pubs/ACIP-11st.htm.

 These shaded boxes indicate the vaccine should be given if a child is catching-up on missed vaccines.

 This shaded box indicates the vaccine is recommended for children not at increased risk but who wish to get the vaccine after speaking to a provider.

Vaccine-Preventable Diseases and the Vaccines that Prevent Them

Diphtheria (can be prevented by [Tdap vaccination](#))

Diphtheria is a very contagious bacterial disease that affects the respiratory system, including the lungs. Diphtheria bacteria can be passed from person to person by direct contact with droplets from an infected person's cough or sneeze. When people are infected, the bacteria can produce a toxin (poison) in the body that can cause a thick coating in the back of the nose or throat that makes it hard to breathe or swallow. Effects from this toxin can also lead to swelling of the heart muscle and, in some cases, heart failure. In serious cases, the illness can cause coma, paralysis, and even death.

Hepatitis A (can be prevented by [HepA vaccination](#))

Hepatitis A is an infection in the liver caused by hepatitis A virus. The virus is spread primarily person-to-person through the fecal-oral route. In other words, the virus is taken in by mouth from contact with objects, food, or drinks contaminated by the feces (stool) of an infected person. Symptoms can include fever, tiredness, poor appetite, vomiting, stomach pain, and sometimes jaundice (when skin and eyes turn yellow). An infected person may have no symptoms, may have mild illness for a week or two, may have severe illness for several months, or may rarely develop liver failure and die from the infection. In the U.S., about 100 people a year die from hepatitis A.

Hepatitis B (can be prevented by [HepB vaccination](#))

Hepatitis B causes a flu-like illness with loss of appetite, nausea, vomiting, rashes, joint pain, and jaundice. Symptoms of acute hepatitis B include fever, fatigue, loss of appetite, nausea, vomiting, pain in joints and stomach, dark urine, grey-colored stools, and jaundice (when skin and eyes turn yellow).

Human Papillomavirus (can be prevented by [HPV vaccination](#))

Human papillomavirus is a common virus. HPV is most common in people in their teens and early 20s. It is the major cause of cervical cancer in women and genital warts in women and men. The strains of HPV that cause cervical cancer and genital warts are spread during sex.

Influenza (can be prevented by [annual flu vaccination](#))

Influenza is a highly contagious viral infection of the nose, throat, and lungs. The virus spreads easily through droplets when an infected person coughs or sneezes and can cause mild to severe illness. Typical symptoms include a sudden high fever, chills, a dry cough, headache, runny nose, sore throat, and muscle and joint pain. Extreme fatigue can last from several days to weeks. Influenza may lead to hospitalization or even death, even among previously healthy children.

Measles (can be prevented by [MMR vaccination](#))

Measles is one of the most contagious viral diseases. Measles virus is spread by direct contact with the airborne respiratory droplets of an infected person. Measles is so contagious that just

being in the same room after a person who has measles has already left can result in infection. Symptoms usually include a rash, fever, cough, and red, watery eyes. Fever can persist, rash can last for up to a week, and coughing can last about 10 days. Measles can also cause pneumonia, seizures, brain damage, or death.

Meningococcal Disease (can be prevented by [meningococcal vaccination](#))

Meningococcal disease is caused by bacteria and is a leading cause of bacterial meningitis (infection around the brain and spinal cord) in children. The bacteria are spread through the exchange of nose and throat droplets, such as when coughing, sneezing or kissing. Symptoms include sudden onset of fever, headache, and stiff neck. Meningococcal bacteria also cause blood infections. About one of every ten people who get the disease dies from it. Survivors of meningococcal disease may lose their arms or legs, become deaf, have problems with their nervous systems, become developmentally disabled, or suffer seizures or strokes.

Mumps (can be prevented by [MMR vaccination](#))

Mumps is an infectious disease caused by the mumps virus, which is spread in the air by a cough or sneeze from an infected person. A child can also get infected with mumps by coming in contact with a contaminated object, like a toy. The mumps virus causes swollen salivary glands under the ears or jaw, fever, muscle aches, tiredness, abdominal pain, and loss of appetite. Severe complications for children who get mumps are uncommon, but can include meningitis (infection of the covering of the brain and spinal cord), encephalitis (inflammation of the brain), permanent hearing loss, or swelling of the testes, which rarely results in decreased fertility.

Pertussis (Whooping Cough) (can be prevented by [Tdap vaccination](#))

Pertussis is caused by bacteria spread through direct contact with respiratory droplets when an infected person coughs or sneezes. In the beginning, symptoms of pertussis are similar to the common cold, including runny nose, sneezing, and cough. After 1-2 weeks, pertussis can cause spells of violent coughing and choking, making it hard to breathe, drink, or eat. This cough can last for weeks. Pertussis is most serious for babies, who can get pneumonia, have seizures, become brain damaged, or even die. About half of children under 1 year of age who get pertussis must be hospitalized.

Pneumococcal Disease (can be prevented by [pneumococcal vaccination](#))

Pneumonia is an infection of the lungs that can be caused by the bacteria called pneumococcus. This bacteria can cause other types of infections too, such as ear infections, sinus infections, meningitis (infection of the covering around the brain and spinal cord), and bacteremia (bloodstream infection). Sinus and ear infections are usually mild and are much more common than the

more serious forms of pneumococcal disease. However, in some cases pneumococcal disease can be fatal or result in long-term problems, like brain damage and hearing loss. Pneumococcal disease spreads when people cough or sneeze. Many people have the bacteria in their nose or throat at one time or another without being ill—this is known as being a carrier.

Polio (can be prevented by [IPV vaccination](#))

Polio is caused by a virus that lives in an infected person's throat and intestines. It spreads through contact with the stool of an infected person and through droplets from a sneeze or cough. Symptoms typically include sore throat, fever, tiredness, nausea, headache, or stomach pain. In about 1% of cases, polio can cause paralysis. Among those who are paralyzed, about 2 to 10 children out of 100 die because the virus affects the muscles that help them breathe.

Rubella (German Measles) (can be prevented by [MMR vaccination](#))

Rubella is caused by a virus that is spread through coughing and sneezing. In children rubella usually causes a mild illness with fever, swollen glands, and a rash that lasts about 3 days. Rubella rarely causes serious illness or complications in children, but can be very serious to a baby in the womb. If a pregnant woman is infected, the result to the baby can be devastating, including miscarriage, serious heart defects, mental retardation and loss of hearing and eye sight.

Tetanus (lockjaw) (can be prevented by [Tdap vaccination](#))

Tetanus is caused by bacteria found in soil, dust, and manure. The bacteria enters the body through a puncture, cut, or sore on the skin. When people are infected, the bacteria produce a toxin (poison) that causes muscles to become tight, which is very painful. Tetanus mainly affects the neck and belly. This can lead to "locking" of the jaw so a person cannot open his or her mouth, swallow, or breathe. Complete recovery from tetanus can take months. One to two out of 10 people who get tetanus die from the disease.

Varicella (chickenpox) (can be prevented by [varicella vaccination](#))

Chickenpox is caused by the varicella zoster virus. Chickenpox is very contagious and spreads very easily from infected people. The virus can spread from either a cough, sneeze. It can also spread from the blisters on the skin, either by touching them or by breathing in these viral particles. Typical symptoms of chickenpox include an itchy rash with blisters, tiredness, headache and fever. Chickenpox is usually mild, but it can lead to severe skin infections, pneumonia, encephalitis (brain swelling), or even death.

If you have any questions about your child's vaccines, talk to your healthcare provider.

EXHIBIT F

CLAIMS AND APPEALS PROCEDURES

The Affordable Care Act ensures a member's right to an internal appeal or asks NetCare to reconsider its decision to deny payment for a service or treatment. The law also permits the member to have an independent review organization (an external review) decide whether to uphold or overturn NetCare's internal appeal decision. NetCare uses guidelines from the Uniform Health Carrier External Review Act to assure a member has the opportunity for an independent review of an adverse determination or final adverse determination.

If a claim is denied, in whole or in part, NetCare will furnish notice to the member specifying reason or describe any additional information required in perfecting the claim and the member's right to file an internal appeal. If the member wishes to review and discuss the reason for the denial, a request must be made in writing to NetCare within **one-hundred eighty (180) days** of receipt of a denial notice. NetCare will re-evaluate the claim in question and give a final written decision on the re-evaluation within sixty (60) days for services already incurred, thirty (30) days for non-urgent care not yet received, or seventy-two (72) hours for urgent care, after such request is received.

NOTICE OF APPEAL RIGHTS

A member has the right to appeal any decision we make that denies payment on a claim or a request for coverage of a health care service or treatment.

A member may request more explanation when a claim or request for coverage of a health care service or treatment is denied or the health care service or treatment a member received was not fully covered. A member can contact our office at 671-472-3610 when the following is applicable or occurs:

- Do not understand the reason for the denial;
- Do not understand why the health care service or treatment was not fully covered;
- Do not understand why a request for coverage of a health care service or treatment was denied;
- Cannot find the applicable provision in your Policy Specification;
- Want a copy (free of charge) of the guideline, criteria or clinical rationale that we used to make our decision; or
- Disagree with the denial or the amount not covered and you want to appeal.

If a claim was denied due to missing or incomplete information, a member or his/her health care provider may resubmit the claim to us with the necessary information to complete the claim.

Appeals

All appeals for claim denials (or any decision that does not cover expenses a member believes should have been covered) must be sent in writing to our office at 424 W. O'Brien Drive, Suite 200, Hagatna, Guam 96910 within 180 days of the date you receive our denial. We will provide a full and fair review of the claim by individuals associated with us, but who were not involved in making the initial denial of the claim. A member may provide us with additional information that relates to a claim and a member may request copies of information that we have pertaining to his/her claim. We will notify the member of our decision in writing within **60 days** of receiving your appeal. If a member does not receive our decision within **60 days** of receiving the appeal, a member may be entitled to file a request for an external review.

When a member appeals a claim, NetCare must give you its decision within:

1. Urgent Care Claims – 72 Hours Reply Time

A special kind of pre-service claim that requires a quick decision due to a health condition that may be threatened. If your appeal concerns urgent care, you may be able to have the internal appeal and external review take place at the same time.

2. Pre-Service Claims – 30 Days Reply Time

Denials of non-urgent care you have not yet received.

3. Post-Service Claims – 60 Days Reply Time

Claims for benefits under NetCare, including claims after medical care have been provided, such as reimbursement or payment of the costs of the services provided.

External Review

If we have denied your request for the provision of or payment for a health care service or course of treatment, you may have a right to have our decision reviewed by independent health care professionals who have no association with us if our decision involved making a judgment as to the medical necessity, appropriateness, health care setting, level of care or effectiveness of the health care service or treatment you requested by submitting a request for external review within **four (4) months** after the date you receive our denial to Guam Department of Revenue and Taxation, Office of the Insurance Commissioner, 1240 Army Drive Barrigada, GU 96921, telephone 671-635-1844. For standard external review, a decision will be made within **forty-five (45) days** of receiving your request. If you have a medical condition that would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function if treatment is delayed, you may be entitled to request an expedited external review of our denial. If our denial to provide or pay for health care service or course of treatment is based on a determination that the service or treatment is experimental or investigation, you also may be entitled to file a request for external review of our denial. For details, please review your Benefit Plan Document or contact our office at 671-472-3610, 424 W. O'Brien Drive, Julale Center Ste 200, Hagatna, GU 96910.

Expedited External Review - An expedited process if you have a medical condition where the timeframe for completion of a standard external review, pursuant to the Uniform Health Carrier External Review Act, would seriously jeopardize your life or health or ability to regain maximum function. A decision will be made expeditiously as your medical condition or circumstances requires, but in no event more than seventy-two (72) hours after the date of receipt of your request.

EXHIBIT G

MEDICAL LOSS RATIO

Hypothetical Illustration

This Exhibit serves as a hypothetical illustration for the purposes of illustrating how the formula might work based on hypothetical numbers.

ASSUMPTIONS:

1. Fiscal Year 2016 earned premiums are 60,000,000 from October 2015 through September 2016 (level 5,000,000 per month)
2. Fiscal Year 2017 earned premiums are 72,000,000 from October 2016 through September 2017. (Level 6,000,000 per month)
3. Assume the commercial block of business earned premium is \$20,000,000 for each of Fiscal Year 2016 and 2017
4. Assume the calendar 2016 MLR refund (based upon aggregate commercial and GovGuam experience) is 2% of premium
5. Assume the calendar year 2017 MLR refund (based upon aggregate commercial and GovGuam experience) is 1% of premium
6. Assume the GGFY17 loss ratio is 80% for the fiscal year October 2016 through September 2017

Then, the GGFY16 premium earned in calendar 2016 is 45,000,000 and the GGFY17 premium earned in calendar year 2016 is 18,000,000 for a total of 63,000,000

Assume there is no renewal of the GGFY18. Then GovGuam will earn a MLR refund for calendar 2016 of 2% of 63,000,000, or 1,260,000. GG will earn a MLR refund for calendar 2017 of 1% of 54,000,000, or 540,000.

The participation contract refund for GGFY17 is 3,600,000 (5% of 72,000,000) before adjustment for MLR refunds.

The calendar 2016 MLR refund applicable to GGFY17 is 18,000,000 (3 months of GGFY17 premium) divided by 63,000,000 (9 months of GGFY16 premium plus three months of GGFY17 premium). This becomes 360,000, which is 28.57143% of the 1,260,000 2016 refund to GovGuam.

The calendar 2017 MLR refund in this illustration which is applicable to GGFY17 is 100% of the 540,000, because for the sake of this illustration we assume no renewal.

Therefore, the participation refund is reduced by 900,000 (360,000 + 540,000)

This process removes the duplication of the MLR refund and the participation refund and keeps the GGFY17 refund plus incurred claims equal to 85%.

In this situation, GG gets 100% of both the 2016 and 2017 MLR refunds and an additional refund from the Participation agreement.

The above numbers are hypothetical and for illustration purposes only.
