2. No benefits will be paid if any material statement made in an application for coverage, enrollment of any Dependent or in any claim for benefits is false. Upon identifying any such false statement, Company shall give the Covered Person at least 30 day notice that his or her benefits have been suspended and that his or her coverage is to be terminated. If the false statement is fraudulent or is an intentional misrepresentation of a material fact, such termination shall be retroactive to the date coverage was provided or continued based on such fraudulent statement or intentional misrepresentation of material fact. If the false statement was not a fraudulent statement or intentional misrepresentation of material fact, termination of coverage shall be effective no earlier than the date of the suspension. The Covered Person may dispute any termination of coverage by filing a claim under the PPACA Claims Procedure for internal or external appeals, set out in §6.7 of this Certificate. If an appeal under §6.7 is filed, the resolution of the matter shall be in accordance with the outcome of the appeal proceedings. If no appeal is filed for any retroactive termination and the Company paid benefits prior to learning of any such false statement, the Subscriber must reimburse the Company for such payment. Terminations of coverage shall be handled in accordance with the applicable claims procedure requirements of Section 2719 of the PHSA, as added by PPACA. Retroactive terminations of coverage shall not violate the applicable prohibitions on rescissions of Section 2712 of the PHSA, as added by PPACA, and rescissions shall be handled in compliance with PPACA's applicable claim denial requirements.

3. No benefits will be paid for confinement in a Hospital or in a Skilled Nursing Facility if such confinement is primarily for custodial or domiciliary care. (Custodial or domiciliary care includes that care which consists of training in personal hygiene, routine nursing services and other forms of self care. Custodial or domiciliary care also includes supervisory services by a Physician or Nurse for a person who is not under specific medical or surgical treatment to reduce his or her disability and to enable that person to live outside an institution providing such care.) Company and not Covered Person shall be liable if the Company approves the confinement, regardless of who orders the service.

MEMBER HANDBOOK

How your plan works

How your medical plan works while you are covered in-network
You’re in-network/participating coverage:
• Helps you get and pay for a lot of – but not all – health care services. Your cost share is lower when you use a network provider.

Providers
Our provider network is there to give you the care you need. You can find network providers and see important information about them most easily on our online provider directory. Just log in to the TakeCare’s website www.takecareasia.com

Service area
Your plan generally pays for covered services only within a specific geographic area, called a service area. There are some exceptions, such as for emergency services, urgent care, and transplant services. Your service area under this plan is Guam, CNMI and Palau. See the Who provides the care section below.

How your medical plan works while you are covered out-of-network
With your out of network/non-participating coverage:
• You can get care from providers who are not part of the TakeCare’s network without a PCP referral
• You may have to pay the full cost for your care, and then submit a claim to be reimbursed
• You are responsible to get any required prior authorization/pre-certification
• Your cost share will be higher

Keeping a provider you go to now (continuity of care)
You may have to find a new provider when:
• You join the plan and the provider you have now is not in the network
• You are already a TakeCare’s member and your provider stops being in our network

However, in some cases, you may be able to keep going to your current provider to complete a treatment or to have treatment that was already scheduled. This is called continuity of care.

If this situation applies to you, contact us for details. If we approve your request to keep going to your current provider, we will tell you how long you can continue to see the provider. If you are pregnant and have entered your second trimester, this will include the time required for postpartum care directly related to the delivery.

We will authorize coverage only if the provider agrees to our usual terms and conditions for contracting providers.

Who provides the care?

Network providers
We have contracted with providers in the service area to provide covered services to you. These providers make up the network for your plan.

A select number of network providers are considered “preferred” with a lower copay/visit for you. These providers have entered into a written agreement with TakeCare to provide care or treatment at preferential or better rates compared to other network providers and have demonstrated better outcomes based on a standard measurement set (HEDIS) by the National Committee for Quality Assurance (“NCQA”). The network providers identified in our directory as preferred in-network providers are subject to change. Please check with us to confirm the preferential status of network providers.

To get network benefits, you must use network providers. There are some exceptions:
Emergency services – see the description of emergency services in the Coverage and exclusions section.
Urgent care – see the description of urgent care in the Coverage and exclusions section.
Transplants – see the description of transplant services in the Coverage and exclusions section.
You may select a network provider from the online directory through the TakeCare’s website.

You will not have to submit claims for services received from network providers. Your network provider will take care of that for you. And we will pay the network provider directly for what the plan owes.

Primary Care Provider (PCP)
We encourage you to get covered services through a PCP. They will provide you with primary care.

How you choose your PCP
You can choose a PCP from the list of PCPs in our directory.

Each covered family member is encouraged to select a PCP. You may each choose a different PCP. You should select a PCP for your covered dependent if they are a minor or cannot choose a PCP on their own.

What your PCP will do for you
Your PCP will coordinate your medical care or may provide treatment. They may send you to other network providers.

Changing your PCP
You may change your PCP at any time by contacting us.

Medical necessity, referral and Prior Authorization/ Prior Certification requirements

Your plan pays for its share of the expense for covered services only if the general requirements are met. They are:
• The service is medically necessary.
• For in-network benefits, you get the service from a network provider.
• You or your provider preauthorize the service when required.
Medically necessary/medical necessity
The Medically necessary/medical necessity requirements are in the Glossary section, where we define “medically necessary/medical necessity.” That is where we also explain what our medical directors or a physician they assign consider when determining if a service is medically necessary.

Important note:
We cover medically necessary, sex-specific covered services regardless of identified gender.

Prior authorization/Pre-certification
You need pre-approval from us for some covered services. Pre-approval is also called preauthorization.

In-network/Participating
Your network physician is responsible for obtaining any necessary preauthorization before you get the care. Network providers cannot bill you if they fail to ask us for preauthorization. But if your physician requests preauthorization and we deny it, and you still choose to get the care, you will have to pay for it yourself.

Out of Network/Non-Participating
When you go to an out-of-network provider, you are responsible to get any required preauthorization from us. If you don’t preauthorize:
• Your benefits may be reduced, or the plan may not pay. See your schedule of benefits for details.
• You will be responsible for the unpaid bills.
• Your additional out-of-pocket expenses will not count toward your deductible or maximum out-of-pocket limit.

Notification is required to TakeCare within 48 hours after receiving emergency and urgent care services otherwise these services are not covered.

An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or injury.

We will tell you and your physician in writing of the preauthorization decision, where required by state law. An approval is valid for 2 months as long as you remain enrolled in the plan.

For an inpatient stay in a facility, we will tell you, your physician and the facility about your preauthorized length of stay. If your physician recommends that you stay longer, the extra days will need to be preauthorized. You, your physician, or the facility will need to call us as soon as reasonably possible, but no later than the final authorized day. We will tell you and your physician in writing of an approval or denial of the extra days.

If you or your provider request preauthorization and we don’t approve coverage, we will tell you why and explain how you or your provider may request review of our decision. See the Complaints, claim decisions and appeal procedures section.

Types of services that require Prior Authorization/ Prior Certification
Preauthorization is required for the following types of services and supplies:
• Inpatient services and supplies
  o Stays in a hospital
  o Stays in a skilled nursing facility
  o Stays in a rehabilitation facility
  o Stays in a hospice facility
  o Stays in a residential treatment facility for treatment of mental disorders and substance related disorders
  o Obesity surgery (bariatric)
• Outpatient services and supplies
  o Cosmetic and reconstructive surgery

Contact us to get a list of the services that require preauthorization or see your schedule of benefits.

Certain prescription drugs are covered under the medical plan when they are given to you by your doctor or health care facility. The following precertification information applies to these prescription drugs:

For certain drugs, your provider needs to get approval from us before we will cover the drug. The requirement for getting approval in advance guides appropriate use of certain drugs and makes sure they are medically necessary.

Step therapy is a type of precertification where we require you to first try certain drugs to treat your medical condition before we will cover another drug for that condition.

Coordination of benefits
Some people have health coverage under more than one health plan. If you do, we will work with your other plan to decide how much each plan pays. This is called coordination of benefits ("COB").

Key Terms
Here are some key terms we use in this section. These will help you understand this COB section. Allowable expense means a health care expense that any of your health plans cover.

In this section when we talk about “plan” through which you may have other coverage for health care expenses we mean:
• Group or non-group, blanket, or franchise health insurance policies issued by insurers, HMOs, or health care service contractors
• Labor-management trustee plans, labor organization plans, employer organization plans, or employee benefit organization plans
• An automobile insurance policy
• Medicare or other government benefits

**Requesting a medical exception**

Sometimes you or your provider may ask for a medical exception for drugs that are not covered or for which coverage was denied. You, someone who represents you or your provider can contact us. You will need to provide us with clinical documentation. Any exception granted is based upon an individual and is a case-by-case decision that will not apply to other members.

You, someone who represents you or your provider may seek a quicker medical exception process to get coverage for non-covered drugs in an urgent situation. An urgent situation happens when you have a health condition that may seriously affect your life, health, or ability to get back maximum function or when you are going through a current course of treatment using a non-preferred drug.

We will make a coverage determination within 24 hours after we receive your request and will tell you, someone who represents you and your prescriber of our decision.

- Any contract that you can obtain or maintain only because of membership in or connection with a particular organization or group

**How Coordination of Benefits (COB) works**

- When this is your primary plan, we pay your medical claims first as if there is no other coverage.
- When this is your secondary plan:
  - We pay benefits after the primary plan and reduce our payment based on any amount the primary plan paid.
  - Total payments from this plan and your other coverage will never add up to more than 100% of the allowable expenses.
  - Each family member has a separate benefit reserve for each year. The benefit reserve balance is:
    - The amount that the secondary plan saved due to COB
    - Used to cover any unpaid allowable expenses
    - Erased at the end of the year

**Determining who pays**

The basic rules are listed below. Reading from top to bottom the first rule that applies will determine which plan is primary and which is secondary. Contact us if you have questions or want more information.

A plan that does not contain a COB provision is always the primary plan.

**How COB works with Medicare**

If your other coverage is under Medicare, federal laws explain whether Medicare will pay first or second. COB with Medicare will always follow federal requirements. Contact us if you have any questions about this.

When you are eligible for Medicare, we coordinate the benefits we pay with the benefits that Medicare pays. Sometimes, this plan pays benefits before Medicare pays. Sometimes, this plan pays benefits after Medicare or after an amount that Medicare would have paid if you had been covered. You are eligible for Medicare if you are covered under it.
Effect of prior plan coverage
If you are in a continuation period from a prior plan at the
time you join this plan you may not receive the full benefit
paid under this plan. See the schedule of benefits for more
information.

Your current plan must be offered through the policyholder.

Other health coverage updates – contact information
You should contact us if you have any changes to your other
coverage. We want to be sure our records are accurate so
your claims are processed correctly.

Our rights
We have the right to:
• Release or obtain any information we need for COB
  purposes, including information we need to recover
  any payments from your other health plans
• Reimburse another health plan that paid a benefit we
  should have paid
• Recover any excess payment from a person or another
  health plan, if we paid more than we should have paid

Benefit payments and claims
A claim is a request for payment that you or your health
care provider submits to us when you want or get covered
services. There are different types of claims. You or your
provider may contact us at various times, to make a claim,
to request approval, or payment, for your benefits. This can
be before you receive your benefit, while you are receiving
benefits and after you have received the benefit.

It is important that you carefully read the previous sections
within How your plan works. When a claim comes in, we
review it, make a decision and tell you how you and we will
split the expense. The amount of time we have to tell you
about our decision on a claim depends on the type of claim.

Claim type and timeframes
Urgent care claim
An Urgent Care Claim means any claim for medical care or
treatment that, if not quickly decided outside of standard
time periods for making non-urgent care determinations, [1]
could seriously jeopardize the life or health of the individual
or the ability of the individual to regain maximum function;
or [2] in the opinion of a physician with knowledge of the
individual’s medical condition, would subject the individual
to severe pain that cannot be adequately managed without
the care or treatment that is the subject of the claim.

If you are pregnant, an urgent claim also includes a
situation that can cause serious risk to the health of
your unborn baby.

Pre-service claim
A Pre-service Claim means any claim for a benefit for which
the terms of the plan condition receipt of the benefit, in whole
or in part, on approval of the benefit in advance of obtaining medical
care, or a determination of no coverage under the plan.

Post-service claim
A post-service claim is a claim that involves health care
services you have already received.

Concurrent care claim extension
A concurrent care claim extension occurs when you need
us to approve more services than we already have approved.
Examples are extending a hospital stay or adding a number
of visits to a provider. You must let us know you need this
extension 24 hours before the original approval ends.

Concurrent care claim reduction or termination
A concurrent care claim reduction or termination occur
when we decide to reduce or stop payment for an already
approved course of treatment. We will notify you of such a
determination. You will have enough time to file an appeal.
Your coverage for the service or supply will continue until
you receive a final appeal decision from us.

During this continuation period, you are still responsible for
your share of the costs, such as copayments, coinsurance
and deductibles that apply to the service or supply. If we
uphold our decision at the final internal appeal, you will be
responsible for all of the expenses for the service or supply
received during the continuation period.

Filing a claim
When you see a network provider, that office will usually
send us a detailed bill for your services. If you see an
out-of-network provider, you may receive the bill [proof of
loss] directly. This bill forms the basis of your post-service
claim. If you receive the bill directly, you should send it to
within 90 days from the date of service with a claim form
that you can either get online or contact us to provide. You
should always keep your own record of the date, providers
and cost of your services.

The benefit payment determination is made based on many
things, such as your deductible or coinsurance, the necessity
of the service you received, when or where you receive the
services, or even what other insurance you may have. We
may need to ask you or your provider for some more information
to make a final decision. You can always contact us directly
to see how much you can expect to pay for any service.

We will pay the claim within 30 days from when we receive
all the information necessary. Sometimes we may pay only
MEMBER HANDBOOK

some of the claim. Sometimes we may deny payment entirely. We may even rescind your coverage entirely. We will give you our decision in writing. You may not agree with our decision. There are several ways to have us review the decisions. Please see the Complaints, claim decisions and appeal procedures section for that information.

Complaints, claim decisions and appeal procedures

The difference between a complaint and an appeal

Complaint
You may not be happy about a provider or an operational issue, and you may want to complain. You can contact us at any time. This is a complaint. Your complaint should include a description of the issue. You should include copies of any records or documents you think are important. We will review the information and give you a written response within 30 calendar days of receiving the complaint. We will let you know if we need more information to make a decision.

Appeal
When we make a decision to deny services or reduce the amount of money we pay on your care or out-of-pocket expense, it is an adverse benefit determination. You can ask us to re-review that determination. This is an appeal. You can start an appeal process by contacting us.

Claim decisions and appeal procedures
Your provider may contact us at various times to make a claim, or to request approval for payment based on your benefits. This can be before you receive your benefit, while you are receiving benefits and after you have received the benefit. You may not agree with our decision. As we said in Benefit payments and claims in the How your plan works section, we pay many claims at the full rate, except for your share of the costs. But sometimes we pay only some of the claim. Sometimes we deny payment entirely.

Any time we deny even part of the claim, it is an “adverse benefit determination” or “adverse decision.” For any adverse decision, you will receive an explanation of benefits in writing. You can ask us to review an adverse benefit determination. This is the internal appeal process. If you still don’t agree, you can also appeal that decision.

Appeal of an adverse benefit determination

Urgent care or pre-service claim appeal
If your claim is an urgent claim or a pre-service claim, your provider may appeal for you without having to fill out an appeal form. We will give you an answer within 36 hours for an urgent appeal and within 15 calendar days for a pre-service appeal. A concurrent claim appeal will be addressed according to what type of service and claim it involves.

Any other claim appeal
You must file an appeal within 180 calendar days from the time you receive the notice of an adverse benefit determination.

You can appeal by sending a written appeal to the address on the notice of adverse benefit determination, or by contacting us. You need to include:
Your name
- The policyholder’s name
- A copy of the adverse benefit determination
- Your reasons for making the appeal
- Any other information you would like us to consider

We will assign your appeal to someone who was not involved in making the original decision. You will receive a decision within 30 calendar days for a post-service claim.

If you are still not like us answer, you may make a second internal appeal. You must present your appeal within 60 calendar days from the date you receive the notice of the first appeal decision.

Another person may submit an appeal for you, including a provider. That person is called an authorized representative. You need to tell us if you choose to have someone else appeal for you (even if it is your provider). You should fill out an authorized representative form telling us you are allowing someone to appeal for you. You can get this form on our website or by contacting us. The form will tell you where to send it to us. You can use an authorized representative at any level of appeal.

At your last available level of appeal, we will give you any new or additional information we may find and use to review your claim. There is no cost to you. We will give you the information before we give you our decision. This decision is called the final adverse benefit determination. You can respond to the information before we tell you what our final decision is.

Exhaustion of appeal process
In most situations, you must complete the two levels of appeal with us before you can take these other actions:
- Contact the Guam Department of Revenue and Taxation to request an investigation of a complaint or appeal
- File a complaint or appeal with the Guam Department of Revenue and Taxation.
- Pursue arbitration, litigation or other type of administrative proceeding

Sometimes you do not have to complete the two levels of appeal...
before you may take other actions. These situations are:

- You have an urgent claim or claim that involves ongoing treatment. You can have your claim reviewed internally and through the external review process at the same time.
- We did not follow all of the claim determination and appeal requirements of the state. But you will not be able to proceed directly to external review if:
  - The rule violation was minor and not likely to influence a decision or harm you
  - The violation was for a good cause or beyond our control
  - The violation was part of an ongoing, good faith exchange between you and us

Utilization review
Prescription drugs covered under this plan are subject to misuse, waste or abuse utilization review by us, your provider or your network pharmacy. The outcome of the review may include:
- Limiting coverage of a drug to one prescribing provider or one network pharmacy
- Quantity, dosage or day supply limits

Requiring a partial fill or denial of coverage

Recordkeeping
We will keep the records of all complaints and appeals for at least 10 years.

Fees and expenses
We do not pay any fees or expenses incurred by you in pursuing a complaint or appeal.

Covered Persons outside the Service Area must coordinate their care and obtain Prior Authorization from TakeCare for Services, excluding Emergency services. **Starting Coverage**

Your coverage under this plan has a start and end date. You start coverage after you complete the eligibility and enrollment process.

**Stopping Coverage**

Your coverage typically ends when you leave your job, but it can happen for other reasons. Ending coverage doesn’t always mean you lose coverage with TakeCare. There will be circumstances that will still allow you to continue coverage.

TakeCare will send you notice if your coverage is ending. This notice will tell you the end date that your coverage ends.

**When will your coverage end?**

Your coverage under this plan will end if:

- This plan is no longer available.
- Reduction in work hours below 30 hours
- The policyholder asks to end coverage.
- You are no longer eligible for coverage, including when you move out of the service area.
- Your work ends.
- You stop making required premium contributions, if any apply.
- TakeCare end your coverage.
- Coverage should be for whole plan year regardless if you meet your maximum benefit.
- You have reached your overall maximum benefit under your plan.
When will the dependent’s coverage end?
Dependent coverage will end if:
• A dependent is no longer eligible for coverage.
• You stop making required premium contributions, if any apply.
• Your coverage ends for any of the reasons listed above except:
  o Exhaustion of your overall maximum benefit.
  o You enroll under a group Medicare plan TakeCare offer. However, dependent coverage will end if your coverage under the Medicare plan.
• Your dependent has exhausted the maximum benefit under your medical plan.
• The date this plan no longer allows coverage for domestic partners or civil unions.
• The date the domestic partnership or civil union ends.

What happens to your dependents if you die?
Coverage for dependents may continue for some time after your death. See the Special coverage options after your coverage ends section for more information.

Why would we end your coverage?
We may immediately end your coverage if you commit fraud or you intentionally misrepresented yourself when you applied for or obtained coverage. You can refer to the General provisions – other things you should know section for more information on rescissions.

On the date your coverage ends, we will refund to your employer any prepayment for periods after the date your coverage ended.

Special coverage options after your coverage ends
When coverage may continue under the plan
This section explains options you may have after your coverage ends under this plan. Your individual situation will determine what options you will have. Contact the policyholder to see what options apply to you.

In some cases, premium payment is required for coverage to continue. Your coverage will continue under the plan as long as the policyholder and we have agreed to do so. It is the policyholder’s responsibility to let us know when your work ends. If the policyholder and we agree in writing, we will extend the limits.

How can you extend coverage if you are totally disabled when coverage ends?
Your coverage may be extended if you are totally disabled when coverage ends.
Only the medical condition which caused the total disability is covered during your extension.

You are “totally disabled” if you cannot work at your occupation or any other occupation for pay or profit.
Your dependent is “totally disabled” if that person cannot engage in most normal activities of a healthy person of the same age and gender.

You may extend coverage only for services and supplies related to the disabling condition until the earliest of:
• When you or your dependents are no longer totally disabled
• When you become covered by another health benefits plan
• 12 months of coverage

How can you extend coverage for your disabled child beyond the plan age limits?
You have the right to extend coverage for your dependent child beyond plan age limits, if the child is not able to be self-supporting because of mental or physical disability and depends mainly (more than 50% of their income) on you for support.

The right to coverage will continue only as long as a physician certifies that your child still is disabled.

We may ask you to send us proof of the disability within 90 days of the date coverage would have ended.

We may ask you to send proof that your child is disabled after coverage is extended. We need this once every benefit period. You must send it to us within 31 days of our request.

If you don’t, we can terminate coverage for your dependent child. We will continue to provide coverage for disabled children over 26 years old provided they submit the requirements for enrollment.

How can you extend coverage when getting inpatient care when coverage ends?
Your coverage may be extended if you are getting inpatient care in a hospital or skilled nursing facility when coverage ends.
MEMBER HANDBOOK

Benefits are extended for the condition that caused the hospital or skilled nursing facility stay or for complications from the condition. Benefits aren’t extended for other medical conditions. You can continue to get care for this condition until the earliest of:

• When you are discharged
• When you no longer need inpatient care
• When you become covered by another health benefits plan
• 12 months of coverage

How can you extend coverage for hearing services and supplies when coverage ends?

• If the prescription for the hearing aid is written during the 30 days before your coverage ends
• If the hearing aid is ordered during the 30 days before your coverage ends

How can you extend coverage for a child in college on medical leave?

You have the right to extend coverage for your dependent college student who takes a medically necessary leave of absence from school. The right to coverage will be extended until the earlier of:

• One year after the leave of absence begins, or
• The date coverage would otherwise end.
• GovGuam’s plan covers dependent children up to age 26 regardless of student status.

To extend coverage the leave of absence must:

• Begin while the dependent child is suffering from a serious illness or injury, and
• Be certified by the treating doctor as medically necessary due to a serious illness or injury.

The doctor treating your child will be asked to keep us informed of any changes.

Network Providers
We provide the options, you choose the provider that benefit your healthcare needs.
PARTICIPATING PROVIDERS

The true measure of any health care organization is the quality of the care you receive. And at the heart of this is your relationship with your participating provider. Your participating provider is essential in providing your day to day health care needs as well as providing the avenue for health care alternatives such as specialty care. That’s why, at TakeCare, you have the freedom to make the most important health care decision of all—the choice of your participating provider. This provider directory serves as a helpful tool to select a participating provider.

HOW TO SELECT A PARTICIPATING PROVIDER

Choose a Participating Provider [Medical Group or Individual Physician] from this directory. You and your enrolled dependents may choose a different Participating Provider. You may switch Participating Providers as often as needed by simply calling TakeCare Customer Service at (671) 647-3526 or toll free at 1-(877)-484-2411 and (680) 488-4715 in Palau. Your new selection will be effective immediately. Services received through providers not listed in this Provider Directory may be covered at a lesser coverage level. Please refer to your Schedule of Benefits for specific Out-of-Network Benefits.

HELPFUL INFORMATION

Who is a Participating Provider?

A Participating Provider is any individual practice association, individual physician, pharmacy, hospital or group of licensed providers who have entered into a written agreement with TakeCare to provide medical services to you and your enrolled dependents.

What is a Primary Care Provider and a Specialty Care Provider and how many of each do you have in your network of providers?

A Primary Care Provider is responsible for providing or authorizing your medical care services. A Primary Care Provider may be physicians of Internal Medicine, Pediatrics, Family Practice or General Practice. A Specialty Care Provider is a duly licensed physician, osteopath, psychologist or other practitioner that your Primary Care Provider may refer you to. TakeCare has the largest on-island contracted provider network with over 100 Primary Care and Specialty Care Providers.

When am I able to access a Specialty Care Provider?

When you or your Primary Care Provider feel you need more specialized treatment, you may request a referral to seek a specialist for an office consultation. However, before any treatment begins, you may need to have prior authorization from TakeCare’s Medical Management Department. Once the request is reviewed and approved, treatment can commence.

WHO TO CALL FOR HELP

If you have any questions, please feel free to call the TakeCare Customer Service Department, Monday-Friday, 8am-5pm in Guam (671) 647-3526 or, toll free 1-(877) 484-2411 or Palau (680) 488-4715.
