2. No benefits will be paid if any material statement made in an application for coverage, enrollment of any Dependent or in any claim for benefits is false. Upon identifying any such false statement, Company shall give the Covered Person at least 30 day notice that his or her benefits have been suspended and that his or her coverage is to be terminated. If the false statement is fraudulent or is an intentional misrepresentation of a material fact, such termination shall be retroactive to the date coverage was provided or continued based on such fraudulent statement or intentional misrepresentation of material fact. If the false statement was not a fraudulent statement or intentional misrepresentation of material fact, termination of coverage shall be effective no earlier than the date of the suspension. The Covered Person may dispute any termination of coverage by filing a claim under the PPACA Claims Procedure for internal or external appeals, set out in §6.7 of this Certificate. If an appeal under §6.7 is filed, the resolution of the matter shall be in accordance with the outcome of the appeal proceedings. If no appeal is filed for any retroactive termination and the Company paid benefits prior to learning of any such false statement, the Subscriber must reimburse the Company for such payment. Terminations of coverage shall be handled in accordance with the applicable claims procedure requirements of Section 2719 of the PHS, as added by PPACA. Retroactive terminations of coverage shall not violate the applicable prohibitions on rescissions of Section 2712 of the PHS, as added by PPACA, and rescissions shall be handled in compliance with PPACA’s applicable claim denial requirements.

3. No benefits will be paid for confinement in a Hospital or in a Skilled Nursing Facility if such confinement is primarily for custodial or domiciliary care. (Custodial or domiciliary care includes that care which consists of training in personal hygiene, routine nursing services and other forms of self care. Custodial or domiciliary care also includes supervisory services by a Physician or Nurse for a person who is not under specific medical or surgical treatment to reduce his or her disability and to enable that person to live outside an institution providing such care.)    d. Furnished solely because the Member is an inpatient on any day in which the Member’s disease or injury could safely and adequately be diagnosed or treated while not confined;
   e. Furnished solely because of the setting if the service or supply could safely and adequately be furnished in a Physician’s or a dentist’s office or other less costly setting.

60. As required by HIPAA, no source-of-injury exclusion, such as exclusion 4.29 for off-road sporting events, will apply if the accident resulted from an act of domestic violence or a medical condition [including both physical and mental health conditions].

61. No benefits will be paid for any continued services if you do not substantially follow your treatment plan or do not follow medical advice.
To help you manage your prescription medications and costs, TakeCare partners with a pharmacy benefit manager ("PBM"). PBMs work with insurance companies, drug manufacturers and pharmacies to help ensure that your prescription medications are reasonably and affordably priced, available when you need them and appropriate to treat your medical conditions.
