Presenter: CEDDERS Project Coordinator-Leah Grace N. Abelon

Agency: University of Guam: Guam Center for Excellence in Developmental Disabilities Education, Research, and Service (CEDDERS) & Guam System for Assistive Technology (GSAT)

Date: Thursday, October 16, 2025 &
Thursday, October 23, 2025

Time: 10:00 AM – 12:00 AM

Location: DOA Training Room, ITC Building, 2nd floor, Suite 215, Tamuning

Target Audience: All Employees

Presentation Description:

This engaging session will explore how assistive technologies and simple, practical adjustments can transform the employee experience. Attendees will gain actionable insights into how small changes can make a big impact, and leave them empowered to contribute to a more inclusive, resilient, and high-performing workplace.

Objectives:

- Understand the broader purpose of accessibility beyond compliance, focusing on inclusion and workplace equity.
- Identify barriers faced by employees with disabilities and how assistive technologies can help remove them.
- Explore assistive tools and technologies, from low-cost solutions to innovated digital platforms
- Apply practical strategies to improve accessibility in everyday work environments without requiring major investments
- Recognize the role of inclusive practices in fostering a culture where all employees can thrive and contribute fully
